Advantages

- Blackout:**
Thickened fabric and physical shading layer structure, strong blocking of sunlight and ultraviolet, can better protect privacy.
- Perspective Design:**
Using more sophisticated weaving methods and designing yarns to make the fabric more exquisite and more ornamental.
- Perfect Color Matching:** Yarns are tested by Munsell Standard Observer, ensuring rich, pure colors and a perfect blend with the base fabric.
- Environmentally Friendly:**
Products are certified by multiple environmental organizations, ensuring a healthy lifestyle.
- Easy Dimming:**
The popular double-layer rainbow curtain structure offers versatile dimming and privacy.
- Sunshade and Energy Saving:**
Blocks strong sunlight and some UV rays, reducing energy exchange.

Composition	100%Polyester
Width	300cm
Shading effect	Blackout
Weight Per m ²	172g/m ² ±5%
Color Fastness	6 to 7 Grade
Repeat	5×7.5cm

Advantages

- High-grade quality, silky and soft:**
Imported yarn from korea which is thinner and softer, making the fabric having high definition; colourful yarn matching makes the fabric having the feeling of silky and soft.
- Better Blockout:**
Three layers of structures can block out strong sunlight and ultraviolet light.
- Green environmental:**
Passing the test of EPA, green environmental and protecting healthy well.
- Dimming conveniently:**
Dimming the light with dislocation of two layers, and protecting your privacy well.
- Sun-shading and saving energy:**
Blocking out strong sunlight and ultraviolet light, reducing the exchange of energy.

Technical Parameter

Composition	100%Polyester
Width	300cm
Shading effect	Blackout
Weight Per m ²	172g/m ² ±5%
Color Fastness	6 to 7Grade
Repeat	5×7.5cm

Advantages

Five functions:

Water resistance/Fire resistance/ High color fastness/Mildew proof/Free of formaldehyde .

Double-layer dimming: Adjust the light without occupying space .

Perfect color matching:

The yarm has been testde by munsell standard observer, and the color is full and pure, perfectly combining with the base cloth.

Environmental friendly:

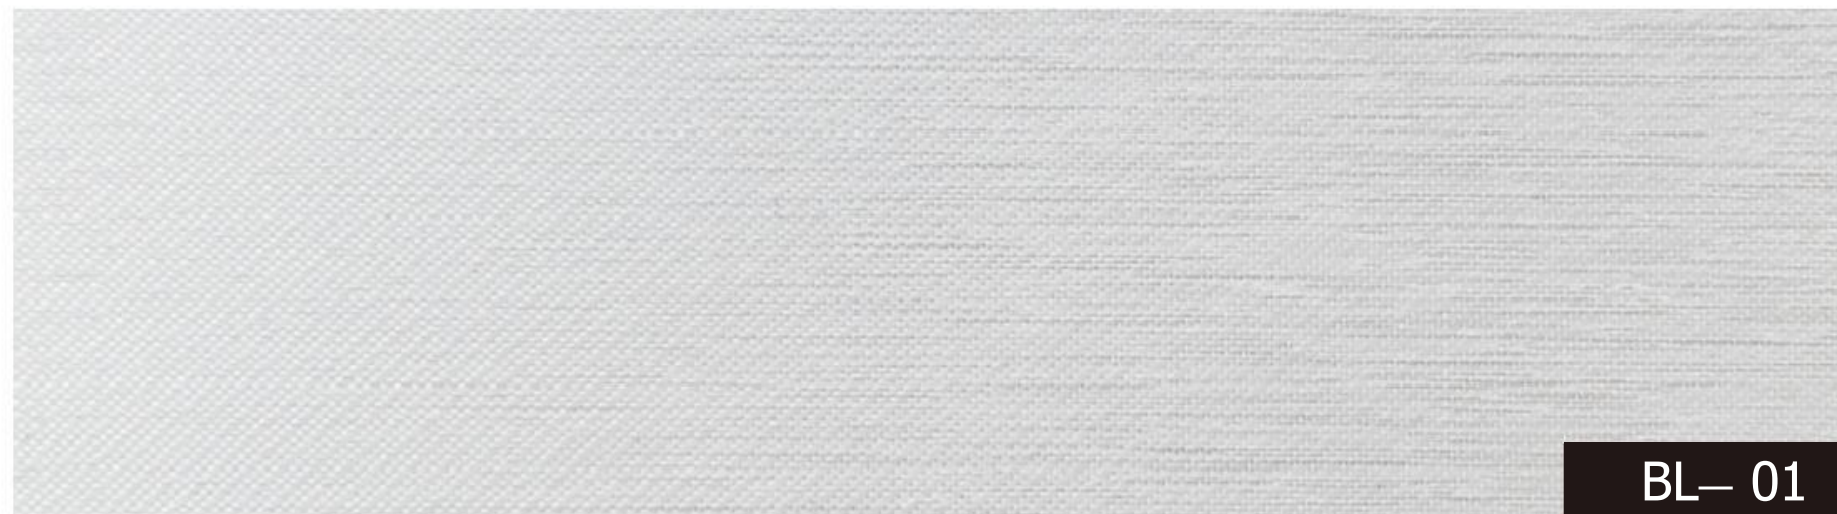

The products have been certified by many environmental protection organizations to ensure your healthy life.

Dimming conveniently:

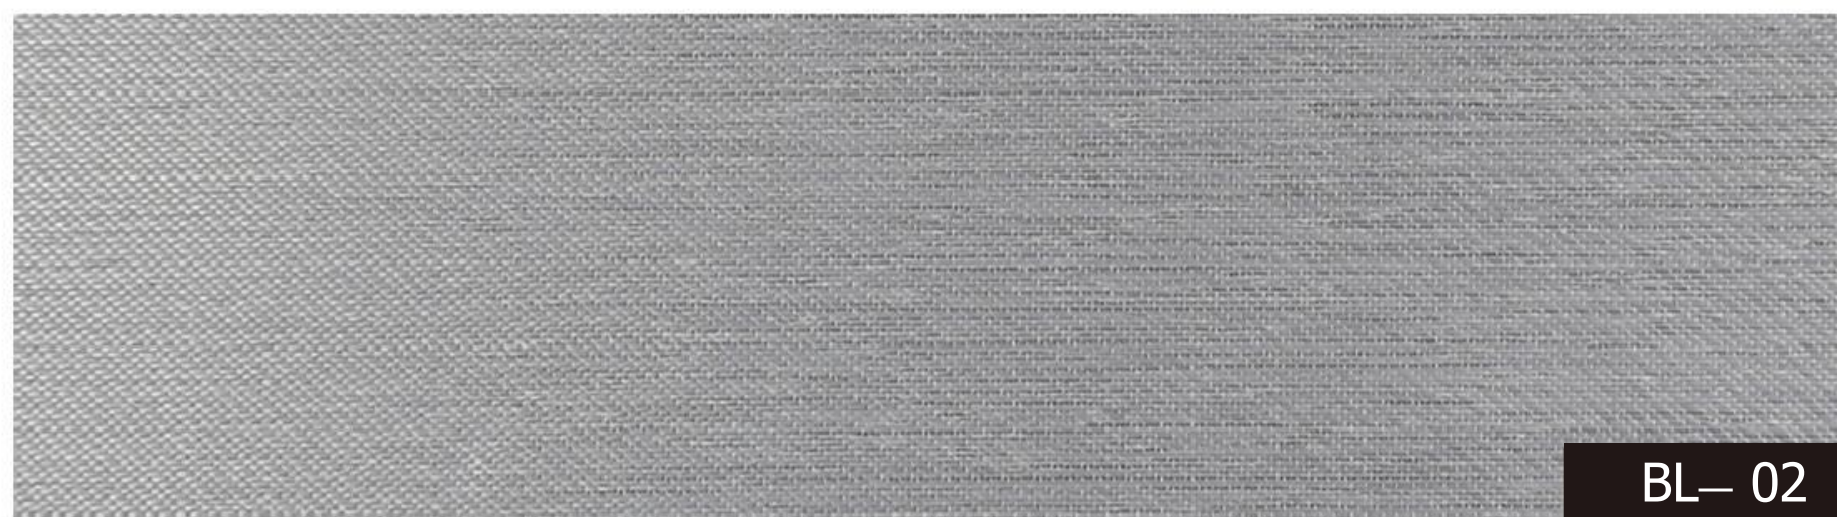

Popular double-layer rainbow curtain structure, with multi-function dimming, protects privacy well.

Shading and energy-saving:

The fabric blocks strong light and part of ultraviolet light and rdeuces energy exchange.

Technical Parameter

Composition	100%Polyester
Width	300cm
Shading effect	Semi-Blackout
Weight Per m ²	116g/m ² ±5%
Color Fastness	6 to 7 Grade
Repeat	5×7.5cm

Advantages

Full Closure:

With the special weaving setting craft, it solves the closure problem and protect the privacy.

Dizzingess Prevention:

Application of the latest optical technology to remove the moire effect.

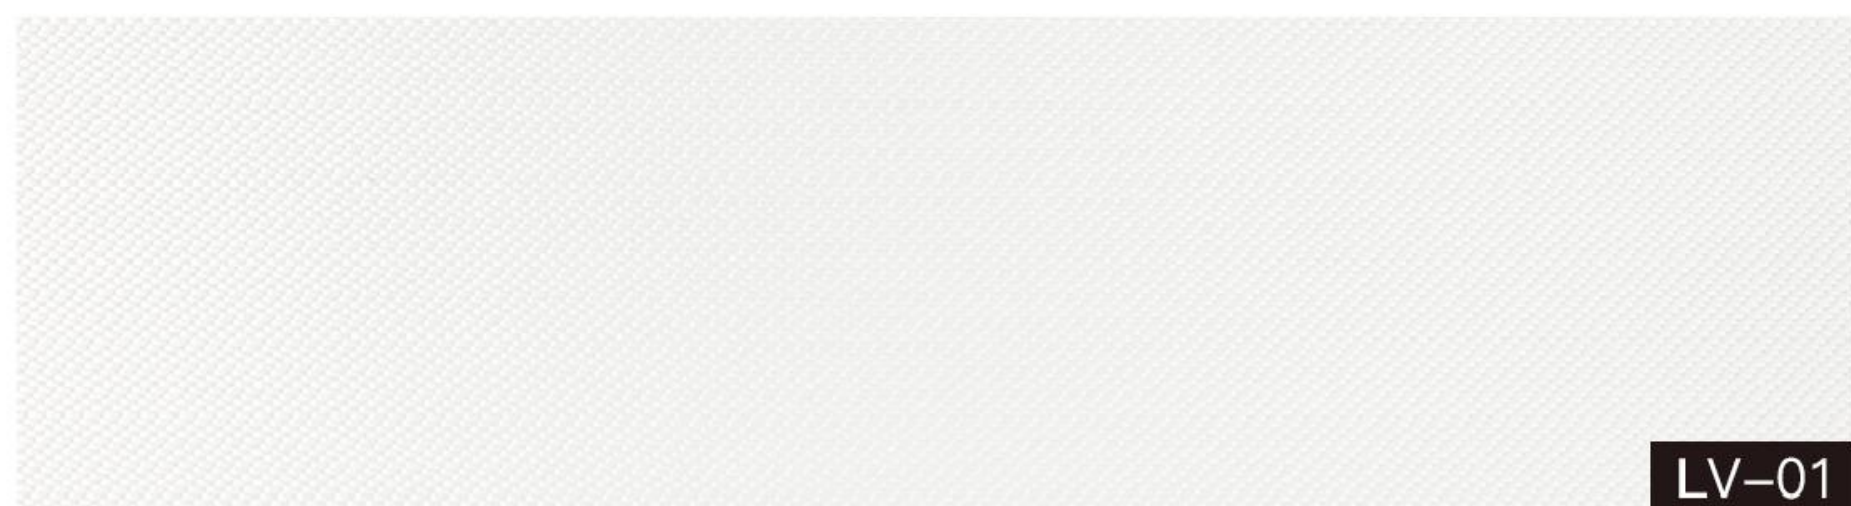

Long Durbility:

With the special weaving technique, it makes the fabric not easily to get teared like the stick shangri-la fabric.

Good flatness:

With the advanced producing processes, it makes the fabric with good flatness and hanging behavior.

High Definition, No Loose Edge.

Composition	100%Polyester
Width	300cm
Shading effect	Semi-Blackout
Weight Per m ²	177g/m ² ±5%
Color Fastness	6 to 7 Grade
Repeat	6×9cm

Advantages

- China's first anti-mark embroidered rainbow curtain:**
Crafted from high-elastic memory yarn with a cushioning function, it resists marking, maintains smoothness, and ensures a longer fabric lifespan.
- Exquisite pattern:**
The pattern size is moderate, and the color combination is beautiful.
- Soft feel:**
The special yarn and craftsmanship give the fabric a wool-like texture.
- Environmentally friendly:**
The product has been certified by multiple environmental organizations, ensuring a healthy lifestyle.
- Perfect color matching:**
The yarn has been tested by Monsensel Standard Observer, ensuring rich and pure colors.
- Convenient dimming:**
The popular double-layer rainbow curtain structure offers multi-functional dimming and privacy protection.
- Energy-saving sunshade:**
Blocks strong sunlight and some ultraviolet rays, reducing energy exchange.

ABS UV Resistance	ABS
Repeat	5×7.5cm

Advantages

Five functions:

Water Resistance/Fire Resistance/ High color fastness/Mildew proof/
Free of Formaldehyde .

Simple jacquard design: Latest internationalized designs.

New process, softer and smooth:

Using unique manufacturing process and higher quality yarn,
the fabrics softer and smooth.

Product differentiation:

Unique products of market, strong competition and high profit.

Convenient dimming:

Double layers structure can adjust the light easily.

Dust filtering:

It has the function of filtering dust.

Eco friendly:

Having passed many environmental certifications of authoritative agencies,
to ensure your healthy life.

D-1-4

Technical Parameter

Composition	100%Polyester
Width	300cm
Shading effect	Semi-Blackout
Weight Per m ²	177g/m ² ±5%
Color Fastness	6 to 7 Grade
Repeat	5×7.5cm

Advantages

Three-dimensional texture design:

Texture design has a sense of highlight, which makes the curtains more layered and three-dimensional in opening and closing. It can give you a sense of being in nature.

Black gauze design:

Black gauze design makes the curtain more classical and solemn while enhancing the shading and privacy.

Perfect color matching:

The yarn has been tested by munsell standard observer, and the color is full and pure, perfectly combining with the base cloth.

Environmental friendly:

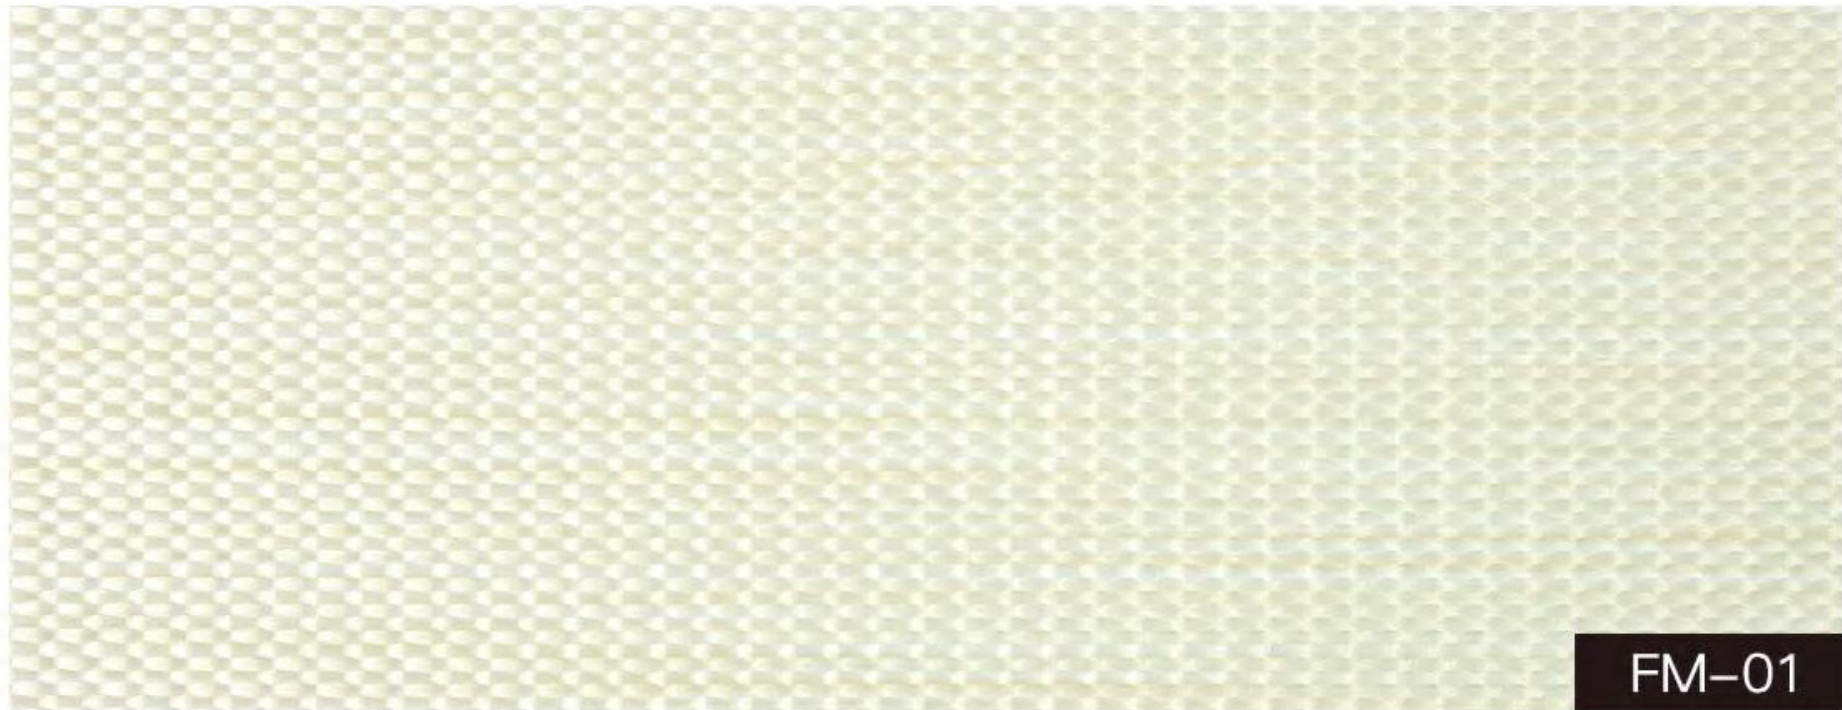

The products have been certified by many environmental protection organizations to ensure your healthy life.

Dimming conveniently:

Popular double-layer zebra curtain structure, with multi-function dimming, protects privacy well.

Shading and energy-saving:

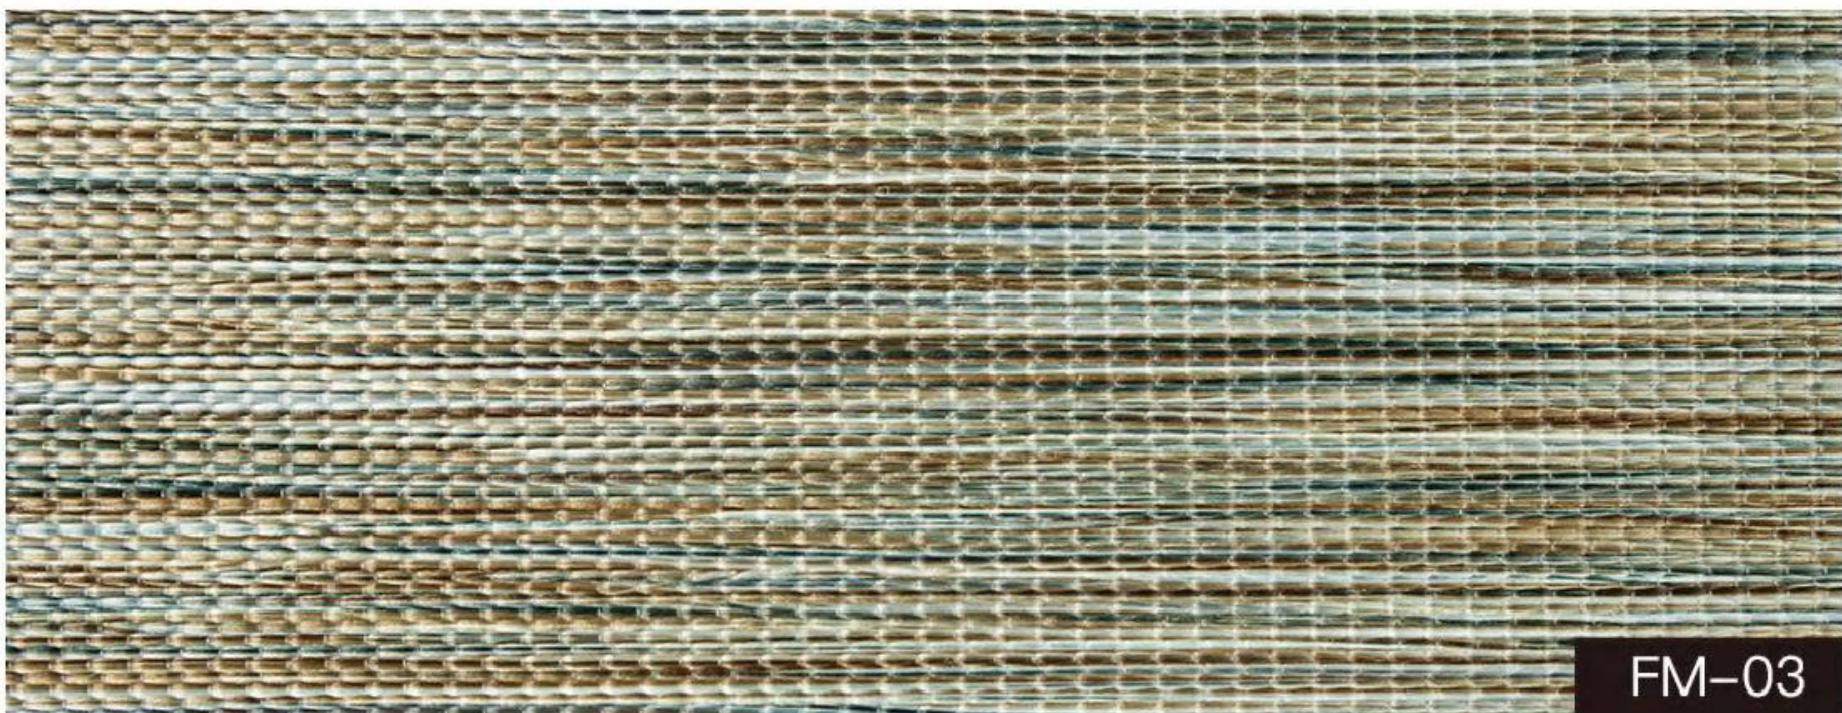

The fabric blocks strong light and part of ultraviolet light and reduces energy exchange.
